

Staff T-Card System

*Works when
the power doesn't.*

Reliably Track Your Staff During Emergency Events

Easily and reliably manage all aspects of staff tracking with this self-contained mobile accountability system. Based off the proven T-Card tracking process used by the Incident Command System, this updated version is greatly simplified and optimized for tracking facility staff.

Staff T-Card

Name	_____	ID#	_____
Check-out Destination / Assignment		Check-In	_____
		:	_____
Mode of Travel	With Patient(s)	Check-Out	_____
_____	☐ Yes ☐ No	:	_____

Staff T-Card receipts are removed from perforated sheets and placed in the all-weather receipt holder as staff members check-in or out. Lightweight enclosed clipboard

design provides full mobility and rapid access to stored forms. Track up to 80 staff members with one kit.

Order Refill at TriageTags.com
DMS-06113 • rev12-1-17

TriageTags.com

Quick Lookup of a tracked staff member's location is always just a glance away with no concern of electronic system failure.

Post-Incident after action documentation is easily fulfilled by simply photocopying the receipt holders.

**Fulfills the CMS
staff tracking requirement.**
