

All Risk® Pediatric Triage Tag

w/ Dual Wristbands

DMS-05525

FRONT

BACK

The image shows the front and back of a Pediatric Triage Tag. The front view (left) includes a 'PEDIATRIC TRANSPORTATION RECEIPT' with fields for Patient Information, Triage Tag Number, and a color-coded status indicator. The back view (right) includes a 'TRANSPORTATION RECEIPT' with fields for Patient Information, Triage Tag Number, and a color-coded status indicator. The tag also features a 'JumpSTART Pediatric Algorithm' and a 'Known Allergies' section.

Optimized for EMT3® with dual wristbands containing matching bar codes for both the injured child and the parent or guardian. All Risk® Triage Tags are printed on waterproof / blood proof synthetic paper for durability and long-lasting record keeping. JumpSTART Pediatric algorithm on the back of the tag provides a quick reference triage prompter.

Enhanced Method • Triage • Treatment • Transport
