Point of Dispensing (POD) Vaccination/Dispensing Vest & Signage Kit for Small Towns

PRODUCT SUMMARY

Provides a quick deployment solution for mass vaccination and/or medication dispensing.

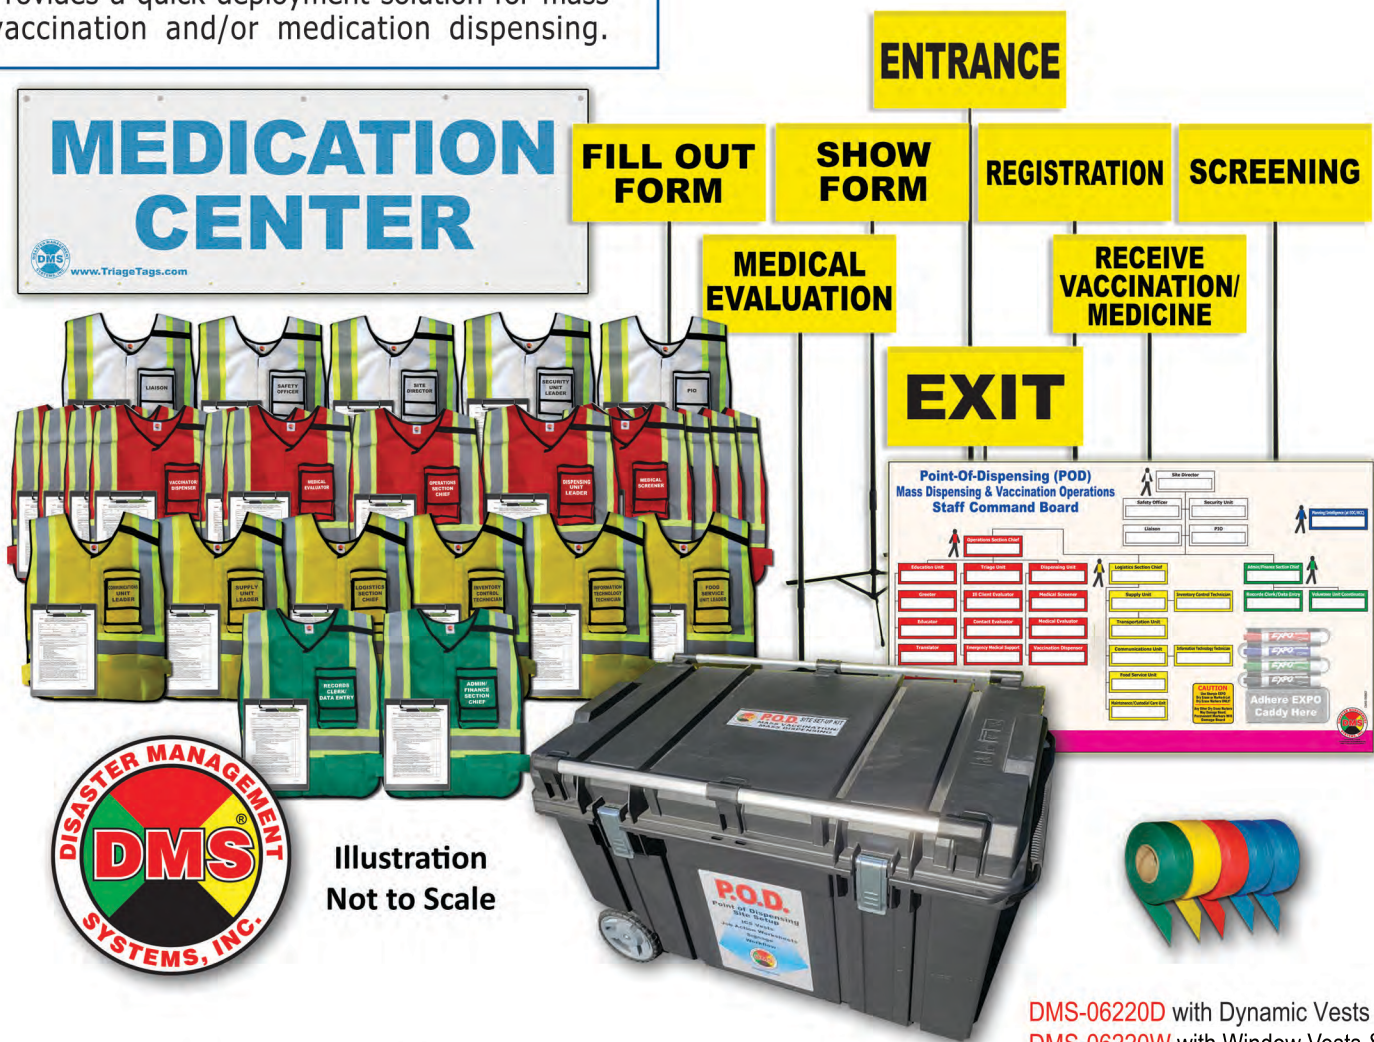

**Illustration
Not to Scale**

The Disaster Management Systems' POD Vaccination/Dispensing Vest and Signage Workflow Kit for Small Towns is a best practices solution for high volume vaccination and/or medication dispensing for small to medium sized vaccination events. Supports the Strategic National Stockpile (SNS) receipt, distribution and dispensing program for local, regional, and state agencies.

Add tables and chairs and you're ready to roll.
