

SALT Triage Training Wheel

by DMS

Learn and practice SALT Triage in a simplified method which uses the process of elimination to determine acuity levels. The key to rapid triage is knowing when to stop. The training wheel emphasizes key stopping points - thereby greatly increasing the speed of triage.

Utilize the included lanyard during drills / training events.

Key Features:

- Easy Method of Learning & Practicing SALT Triage
- Simple Process of Elimination Method
- Available Individually and in Packs of 10

Contents:

- Training Wheel
- Lanyard
- Sample Victims to Test your Skills*

*Scan the QR code on the wheel and you're ready to start testing your skills.
