

Digital Victim Decks by DMS

Interactive Triage Training Based on Proven DMS Victim Decks

Digital Victim Decks are the official digital version of the trusted DMS physical Victim Decks. Designed to mirror the original training experience, they guide responders through structured decision-making from initial triage through secondary triage (when applicable), providing immediate feedback and reasoning for each category selection. The same proven training methodology - now delivered in a convenient, interactive digital format.

How It Works:

- Login to Account (Web/Mobile App)
- Victim Scenario Card is Presented
- Responder Selects a Triage Category
- Immediate Correct/Incorrect Feedback with Reasoning
- Secondary Triage Progression (if applicable)

Key Features:

- Reinforces Triage Methodology
- Immediate Validation Strengthens Retention
- Supports Onboarding & Refresher Training
